

NEW TRAINING FOR PASTOR/PARISH RELATIONS COMMITTEES

This year Mickey and Bert Potts will once again go to three different places to offer training for members of every local church Pastor/Staff Parish Relations Committee.

This training will be for laity only and will focus on healthy congregational issues including ways for pastoral families to be healthy and for vitality in changing times to be explored.

This will involve direct, open conversations regarding expectations at all levels as well as positive suggestions for being in transformational ministry.

Administrative Council Chairs, Lay Leaders, and Treasurers are encouraged to participate.

It is best if “teams” can come together, but this is optional. Choices of dates do provide ways for every team member to participate.

Clergy will continue to have times to work on these issues with each other.

Materials will be provided for making covenants together and suggestions for building positive congregational relationships throughout the year.

Please RSVP to the Stillwater District Office by name of church and position by February 14, 2010. Call 405-372-0624 or e-mail stwdsumc@sbcglobal.net.
